There was dancing during the afternoon and evening, and the crowd was estimated at five hundred easily. Music was furnished by the South Side orchestra and George Annis and Melvin Enyart joined in and helped with their fiddles.

There was a large number of folks present from out of the city adding a lot to the pleasure of the day.

## Joel Fournier Succumbs Suddenly

Joel Fournier, age 57 years, passed away at his home at 6:30 o'clock Tuesday morning, following an illness of long duration of heart and lung trouble. Mr. Fournier although he had been ailing for a long time, was very ambitious and kept at his trade of painting which he had followed for 30 years. He had been busy the last week finishing up some work at the school building, even working a short time Sunday so as to be done for the opening of school Tuesday.

Mr. Fournier was born in Bay County, August 5, 1881, and his early life was spent there. He was united in marriage in 1911 to Mrs. Violet Cardinal and they came to Grayling a couple of years later and this had since been their home.

Surviving the deceased are his widow, who at the present time is seriously ill and a patient at Mercy Hospital, two step-children Claude Cardinal, Grayling and Mrs. Cecil Boyes of Winnipeg, Ont. Also his father Joseph Fournier who has reached his 85th milestone, four sisters and two brothers, Mrs. William Weaver, Flint; Mrs. Guy McTevia, Linwood; Mrs. Laura Bauer, Mrs. Shirley Ammon, Saginaw; Napoleon Fournier, Detroit, and Arthur Fournier, Bay City. All were here in attendance at the funeral together with Mr. and Mrs. Frank Cardinal, Saginaw.

Funeral services were held at the Grayling Funeral Home at 9:00 o'clock this morning, Rev. Fr. James Moloney officiating. Pallbearers were Conrad and Harry Sorenson, Carl Jenson, Earl Nelson, Frank LaMotte and George Bielski. The remains were laid to rest in Elmwood cemetery.

Mrs. Fournier and other members of the family have the sympathy of many friends in their bereavement.

### MICHELSON'S ENTERTAIN WITH SUPPER PARTY

Sunday evening Mr. and Mrs. Olaf Michelson entertained twenty of their friends at a supper party at their summer home at Lake Margrethe.

Contract bridge was the diversion of the evening. Mrs. Esbern Hanson and Mr. Halford Kittelman holding the high scores.

Judge Frank Bell of Negauke was an out-of-town guest.

### IMPORTANT MEETING

There will be an important meeting of the Izaak Walton League at the Court House Thursday evening, September 15th. All members and interested persons are urged to be present.

Remember the date and Please be there.

## FEW TOURISTS LEAVE MANERS AT HOME

Kenneth Hoesli, Grayling's official traffic officer, is getting a lot of newspaper comment lately. In his attempt to regulate traffic and auto parking in Grayling, Mr. Hoesli has to listen to all kinds of rebuffs, especially from people of some of the larger cities.

Here they attempt to take liberties that they wouldn't think of taking in Detroit and other places, where traffic is being regulated for the convenience and safety of the public. A few outsiders who come here seem to feel that they can do anything they want to do regardless of the rights of others and the safety of the public and whenever they are reminded that they are violating traffic regulations they fume and bluster and make a lot of fuss about "small-town hick traffic officers," etc.

Ken gets fed up on this kind of arrogance on the part of the few inconsiderate tourists and recently told them a few things.

To illustrate how ridiculous

some people can be he said he was going to spend his vacation in Detroit and here is what he, in retaliation, would do:

"Ignore all stop signs, all parking instructions and the rights of all other drivers. I'll pull out in the main highway and park right in the midst of traffic to carry on some chitchat with friends. I'll call a few motorcycle officers 'hicks'."

The Detroit Free Press editorial in Monday's issue said:

Officer Hoesli's idea of a perfect holiday has been obtained, we take it, from his experience with discourteous motorists passing through his town on pleasure bent.

The point should not be lost on a minority of drivers, who may come from Detroit or who may not, but who leave good manners, if they have any, at home, when they start on their travels.

### GEISTER-HUNTER VOWS SPOKEN SATURDAY

The wedding Saturday afternoon of Effie Alberta, daughter of Mr. and Mrs. William Hunter to Mr. George Wendell Geister of Clio took place in a pretty setting at the home of the bride's parents. Rev. H. W. Kuhlman officiated at the ceremony at 2:00 o'clock in the presence of relatives and a few close friends.

The bride, who was given in marriage by her father, was lovely in a gown of teal blue, and carried an arm bouquet of pink rosebuds and pink single petal asters tied with satin bow and streamers. Her sister Mrs. Willard Haines, who was her only attendant, wore her wedding gown of black transparent velvet, and her bouquet was made of pink asters and yellow bebe mums tied with gold tulle. Mr. Kenneth B. Dyal of Flushing assisted Mr. Geister as bestman.

Following the ceremony a sumptuous wedding dinner was served to some thirty guests. A crystal basket, the handle of which was tied with white tulle and was filled with asters in white and delicate pink shades, centered the bride's table, and at either end of the table were crystal candle holders holding tall white tapers. Other tables were centered with bowls of pink gladiolas, guarded with tall white tapers. Two of the bride's nieces Dorothy and Lila Hunter of Flint and Thelma Papendick waited on table. Three lovely wedding cakes were cut by the bride and served.

During the afternoon the young couple left amid showers of rice and confetti for a short wedding trip, following which they will be at home in Mt. Morris.

The bride was born in Crawford county and graduated from Grayling High school with the class of '30. After leaving school she attended a business school in Lansing, and was employed for some time at the State Capitol.

Spending some time in Grayling the bride assisted on the Avalanche staff as reporter and her column, "Among The Clerks" by J. Wellington Bumsted, won many favorable comments and was much enjoyed by local readers.

For the past year she has been employed in the offices of the Kruger Grocer Company in Flint.

The Avalanche joins many friends in extending congratulations and best wishes to the newlyweds.

Those from out-of-town in attendance at the wedding included the bride's grandmother Mrs. F. A. Hennessy, Lake Orion; Roy Hunter, Durand; Mrs. Jack Keely and daughters Marian, Dorothy and Lila and son Billy, of Flint; Mr. and Mrs. Willard Haines, Pontiac; Mr. and Mrs. Milo Geister, Clio.

### STUFFING THE CHILD

In many an American home the  
family good humor is destroyed  
and the nerves are exhausted be-  
cause the mother wrangles with  
the children about eating spinach  
and carrots and taking cod liver  
oil.

Mothers have become super-  
sensitive about the use of rough-  
age and vitamins. The propaganda  
regarding these substances has  
been a little too vigorously  
stressed. As a nation we are not  
starving for vitamins, and vita-  
min deficiency diseases are  
seldom seen in this country. Be-  
fore the days of highly advertised  
food—two or three generations  
back—children grew tall and  
strong and healthy. They lived on  
their allotted life span—and it was  
not necessary to have nervous  
breakdowns about a diet of spin-  
ach and carrots and fish oil.

There is too much tendency  
nowadays to consider the health  
benefits of each food. One food  
is especially good for its iron  
content, another for its iodine,  
another for vitamin "A", another  
for phosphorus or calcium, and so  
on down the list. This attitude  
about foods is largely "tommy-  
rot." Why? Because milk, eggs,  
meats, fruit, vegetables and all  
the foods ordinarily eaten supply  
adequate amounts of all minerals  
and vitamins without our giving  
particular attention to the  
subject.

Americans, in general, live out  
of doors a great deal in the sum-  
mer. Their menus usually are  
well balanced and most of the  
cases of indigestion are based  
upon neurotic tendencies. A child  
who is out in the sun all day does  
not need extra vitamin "D". He  
is getting all he needs in his food  
and from the sunlight, so that cod  
liver oil and irradiated ergosterol  
are quite unnecessary and should  
not be imposed upon him.

Even the cows which supply  
the milk are being fed yeast these  
days and other substances given  
to increase the vitamin content  
of cream and butter. Vitamin  
"D" is being added to bread,  
breakfast foods, chewing gum,  
cough drops and toilet paper; all  
are hastening to join in the race  
to provide health stimulus to  
food products. If we were obli-  
ged to live upon bread alone, it  
should be made compulsory that  
all bread should be made of  
whole wheat, but since we have  
so many other foods than bread  
it makes little difference whether  
we eat whole wheat bread or  
finely milled bread.

Certain groups of people do  
need to be particularly careful  
that they receive a well-rounded  
diet. These include expectant  
mothers, the nursing mother and  
the growing child. In adult life  
when there are no extra stresses  
upon the physiological process,  
the forcing of vitamin-rich food  
is entirely out of order. Mothers  
are sufficiently educated about  
foods to use milk, fruit, eggs and  
green vegetables without making  
a special effort to stuff the child-  
ren with high vitamin diets.

Guests at the Delbert Wheeler  
home over the week end were  
Mr. and Mrs. Ted Wheeler, and  
Lucille Wheeler of Holly; Mr.  
and Mrs. Carl Speck of Detroit;  
Dan Curry and Mr. and Mrs. J.  
J. McNeil of Bay City.

Mr. and Mrs. William Daniels  
and Mr. and Mrs. Joseph Daniels  
stopped in Grayling Saturday and  
visited Mr. and Mrs. Herbert  
Walthers enroute to their homes  
in Standish from a trip in the  
Upper Peninsula.

Miss Margaret Laage has re-  
turned home after spending the  
summer months visiting her sister,  
Mrs. Emil Peterson in Munising.  
Miss Margaret plans to enter  
Central State Teachers college,  
Mt. Pleasant, when the fall term  
opens.

Mr. and Mrs. Fay Johnson and  
Mr. and Mrs. Joseph Cook, of  
Grand Rapids, spent the week  
end visiting the former's sister,  
Mrs. Roy McEvers, and family.  
Jean Fitzgerald, who has been  
visiting for some time at the  
McEvers' home, returned to her  
home in Grand Rapids Monday.

### Origin of International Red Cross

The idea which is associated with  
the Red Cross had its origin in a  
publication of Henri Dunant's at  
Geneva in 1862. He had witnessed  
the bloodshed in the Italian war  
and gave an account of the wounded  
left dying on the field for lack of  
medical care. An international con-  
vention was called in Geneva in  
1863 and there the fundamental  
principles of the Red Cross were  
laid down. After overcoming enormous  
difficulties the Swiss Federated  
council was induced to call a  
diplomatic council. On August 8,  
1864, the Geneva convention, so-  
called, laid down certain principles  
to which almost all countries now  
adhere.

Mr. and Mrs. Holger C. Schmidt  
have been enjoying a visit from  
their son Harold and wife of Mil-  
waukee since Friday. Mrs.  
Schmidt will accompany her son  
home today and remain in Mil-  
waukee for a few days visit. Mrs.  
Harold Schmidt left here for a  
few days in Detroit before returning  
to Milwaukee.

Non-partisan News Letter  
Michigan Press Association

By GENE ALLEMAN

Lansing—Considering the possi-  
ble dynamite that existed in  
calling a special session just be-  
fore a fall election, Governor  
Frank Murphy emerged from the  
legislative fire with his eye-  
brows unsinged. And, in view of  
the Murphy eyebrows, that's  
something!

The senate Republicans did  
what was expected of them. They  
talked loquaciously, protested ve-  
hemently the treasury deficit, and  
then authorized, like docile  
lambs, \$10,000,000 for welfare re-  
lief. With watchful eyes on votes,  
Republican legislators could not  
afford to take an anti-relief at-  
titude. Instead, they insisted that  
the unemployed could have been  
spared of anxiety (and the tax-  
payers of \$10,000,000 additional  
expense) if the administration  
had not boosted payrolls some

unemployment load. It will re-  
move thousands from the welfare  
list as well as from the federal  
government's Michigan army of  
200,000 WPA workers.

In this \$10,000,000 speculation  
(1) Smith's economy program,  
and (2) No European war. Stocks  
skidded one to five points in one  
day last week, due to WAR fears.  
You can imagine what might hap-  
pen if Hitler plunged Europe into  
another World conflict.

It's a daring gamble at the very  
best.

### Teachers' Plight

During the depression years  
teachers' salaries were cut to the  
bone. Wage readjustments are  
just now being made.

In the much-revised economy  
program, school state aid has been  
reduced \$1,600,000. This is a 3.5  
per cent cut, far below the pro-  
portionate reduction in state ex-  
penses.

The actual appropriation reduc-  
tion, however, is \$7,000,000. It is  
over this that the educators are  
squawking loudly. Due to the  
Cousens inheritance tax receipts,  
the primary school fund jumped  
to around \$21,000,000. This sum  
is earmarked irrevocably for  
schools.

Therefore, when the administra-  
tion reduced the school aid by  
\$1,600,000 it absorbed into the  
general fund around \$7,000,000  
which otherwise would have gone  
to the schools.

The teachers are probably  
lucky to get by with such a small  
cut in state aid, but they also can  
insist with obvious fairness that  
good accounting be given of the  
\$7,000,000 "windfall."

When educators talk at Lan-  
sing, officials listen attentively. It  
is one "pressure group" that  
wields tremendous influence.

### Uncertainty

Considering all and all, it's  
little wonder that much un-  
certainty prevails at Lansing.

Aside from the financial un-  
certainty, here are four others:

1. Will Republican chances in  
November be injured by the  
present Toy-Fitzgerald feud?

2. Will Murphy's chances for  
re-election be hurt greatly (or  
helped) if President Roosevelt does  
not include Michigan in his pre-  
election speaking tours?

3. Will Former Governor Com-  
stock run against Murphy?

4. Will the C.I.O. and A.F. of L.  
unite behind the Democratic  
ticket?

### Four Guesses

It's interesting speculation.  
Here are our guesses:

1. Yes. And don't be surprised  
if newspapers report activity of a  
grand jury

(23 Years Ago)

Joe took his shotgun, forgetting that it was loaded only with bird shot, capable only of tickling a bear or arousing its irritability. When Joe came in sight of the first trap, he saw a big bear in it and ran up to finish the animal. But as he was about to fire, another bear, larger than the one in the trap, bounced out of the bushes and made straight for him.

Joe, having no time to consider the matter, let drive with the first shot. There was a double charge of powder behind the bird shot, and the old gun sent Joe sprawling. It was then that the trapped learned just what a charge of bird shot does to a bear. It brings out the worst side of his nature.

The bear paused as the shot dug into him, then he furiously renewed his charge while the bear in the trap growled encouragement. Joe was in no position just then to fight and he yelled to Red to come along and help, forgetting that Red and I could not hear him as we were a mile or so back on the trap line.

Joe then did the only thing he could do—ran for it. The bear followed and showed much the greater speed so that escape in flight was out of the question. Then for about ten minutes, the man and the bear played tag among the trees, with no advantage on either side until Joe tripped on a root and fell. The bear, close behind, stumbled on the same root and went half down. Joe in his excitement, lost his footing again, as quickly as he had risen, and fell across the bear. Before he had time to jump up, the bear was up and away with snarls of rage and surprise.

Joe held on with both hands gripped firmly in the thick fur of the bear. When the bear tried to turn his head Joe took a strong hold on the stubby ears to prevent this. Over ridges and down hollows they went, occasionally stumbling over stumps and fallen trees. Then they came to a deserted rundown, the toboggan of the woods. It was a logging road as steep as the roof of a house and down it the bear plunged.

It looked like sure death for the bear would certainly take a tumble somewhere between the top and the bottom, and then Joe, if not killed in the crash, would be torn to bits.

Suddenly it occurred to Joe that he had in his pocket a long hunting knife, presented to him a few weeks before by myself, and quickly he fished it out, opening the blade with his teeth. They were now half way down the slope and there was no time to lose. Raising the knife at arm's length, Joe crashed it to the hill into the bear's neck. The bear stumbled and went headlong into a ditch at the roadside. Joe rolled off on the safe side and got behind a tree.

The bear, although mortally wounded, presently came on to renew the battle. It was not safe to get near enough to use the knife again but a big birch sled-stake lay near and Joe grabbed it. When the bear came within range, Joe swung the stake with all his strength. The birch landed on the bear's nose with a crack like the snapping of a broomstick, and that ended the fight for the bear went down, groggy, and another slash with the knife settled him.

Well, Joe had the ride of his life, and the bear weighed four hundred and thirty pounds, the largest killed in Crawford county that year.

In two games of baseball Sunday and Monday Grayling Merchants won one and lost one. Sunday they succeeded in shutting out Mancelona on the latter's diamond, chalking up 12 runs for themselves. Monday they did not fare so well losing to Kalkaska by the score of 7-2. The latter game was played on the local diamond and was the talk of the town for the week preceding with hopes that the Merchants would be able to give Kalkaska a beating. Next Sunday they finish the season by playing at East Jordan.

A good suggestion was offered by Representative Verne Brown of Mason who was in Grayling today, that when you are handed your primary election ballot next Tuesday that you first separate the two ballots and fold the one that you do NOT intend to vote the long way and tuck it under your arm. Then vote the other one and fold it in the square way. Then give the inspector your voted ballot FIRST and see that it is placed into the "Voted Ballot" box. Then give him the unvoted one last. A very good suggestion.

**STEER CLEAR OF "LIFE INSURANCE RACKETS"**

Every now and then "life insurance rackets" make an ugly appearance in some state or other. In most cases, the law eventually steps in and punishes the malefactors—but that doesn't help the unwary investor or insurance buyer who has spent his money for worthless stock or policies.

There's only one way to steer

clear of these rackets—and that is to buy insurance in companies of known reputation with a long record of meeting their obligations. There are hundreds of such life insurance companies in this country. Fly-by-night, cut-rate insurance is the most expensive thing you can buy, ninety-nine times out of a hundred.

**Boy Scout Membership Growing**

The progress of Boy Scout work throughout this part of northern Michigan during the past year has shown a decided increase of membership.

Approximately a year ago an intensive effort was put forth in the development of this program for the youth of the communities in this area through the Summer Trails Council of which Crawford County is a part.

According to figures from the local Council offices located at Bay City, nearly 100% increase in membership is shown over last year. At the time the program was started the field area, outside of the Bay City group, showed a total of 376 Scouts in this section. The present figure indicates an excess of 600 boys. Last year's total of 15 units has also doubled, being more than 30 units at present.

This increase has been made possible by the generosity of local residents and those of other communities in the local Council territory. Last year a total of \$314.00 was contributed locally by the following individuals:
